Officers Reports:

President – Denise Miller

Race #4 there were no issues. Craig stated that there were 3 potential protest, but they were able to solve the issues. The Banquet will be held in the Grand Lodge this year in the Matter Horne rooms C&D. The banquet tickets still say Civic Center on them. Will note in newsletter and put a notice in the Othmar. Cantor Cup the order of the races is Super G in the morning for all ABC&D racers then slalom for all ABC&D racers. The afternoon will be all the Elite racers Super G then Slalom. Course workers usually work Super G then walk over and do Slalom. We have the number one bibs and will recognize these people at the Banquet. Best new racer award will be given out at the banquet. All new racers will be recognized counting down to the best.

Not present: No big change to the account. Denise to have Mike issue a check for \$100.00 to Challenge Mountain in honor of Dave Newman who has passed away.

Registration & Bibs – Ginnie Uhley

Two new racers bring out total to 187. We are getting new bibs for next year. People can decorate their bibs for the Cantor Cup if they wish

Computer Software & Results – Steve Coatney

Results are posted and unless there is a protest, the results will be final tonight. There was a mistake in the PDF posted race results don't know the reason why, but it has been corrected.

Timing - Shawn Hughes

Should be no problem for the Cantor Cup already has 2 volunteers to do timing. Question was raised if it is OK for the course setters that run the course after they set it to check for possible problems to go thru the start finish lines. If the timing computer is left in race mode it will record the times and when the timer gets to the shack he will be able to see that the start finish lines are working. There is no rule against this. Course crews to be informed to go thru start finish lines. Shawn also suggested a plug in type system for the wires on the timers. This would be a more positive way of hooking them up than what we do now. Mick says this has been suggested in the past and not acted upon. He will suggest again. Shawn was just full of ideas to night. He also suggested keeping track of what caused a delay in the race so if it is a reoccurring problem we could then act upon it.
